

‘Back to Africa’ 2013-2014 program

‘Back to Africa’ focuses on three topics related to the IAP research:

- **Lauren Benton and the American Legal History School**
(October 7th, room 5014)
- **Visual anthropology for Dummies** (November 4th, January 6th,
February 3th, room 4015)
- **‘Experience’: a interdisciplinary reading of a sociological
notion**

The task is to develop a better toolbox for researchers involved in the IAP, often confronted to intellectual ‘bricolage’ and to explore other academic practices. Discussions will be based on a previous reading (around 30 p.) and moderated by two academics from different disciplines.

The seminar takes place on each first Monday of the month.

It starts on **October 7th 2013**, 11h00, room 5014 (Marais 119).

The sessions are open and **in English**.
